

SAI Speaker Questionnaire & Guidelines
(P&P Appendix G)

Leader Guidelines

SAI requests:

1. emphasis on recovery through the Twelve Steps of OA;
2. reference to conference-approved literature only;
3. that the leader be reasonably accessible during the retreat;
4. that there be time for open sharing, discussions, activities and questions as well as free time and adequate breaks, and;
5. that OA Traditions be observed.

Leaders must have a minimum of one (1) year of current continuous abstinence.

To avoid problems of money, property and prestige, we ask leaders to remember our primary purpose. SAI considers leading a retreat to be a non-profit service.
